

Department of Economics

Department Profile

The Department of Economics, one of the oldest Departments of the University was started in 1961 and is one of the major Department today, conducting MA (Economics) and MBE courses. Besides, the Department is actively engaged in the pursuit of research by way of offering research guidance facilities for the Ph.D. course and producing research papers that are published in journals of international and national repute. The Department has facilities for the Ph.D. course and produced more than 110 Ph.D. At present there are 9 full time and about 30 part time researches scholars enrolled for the Ph.D. degree.

Vision

The Department has visualized itself as an organization to create a pool of talented young professionals trained in economic theory and business analysis imbued with the spirit of dedication and commitment and capable of handling challenging assignments in the modern competitive and complex environment.

Goals:

1. To broaden the scope of job opportunities for the students of economics.
2. To create manpower required to analyze economic and business policies to help Government, Industry and Social organizations.
3. To create highly professional economic consultants for undertaking projects/studies.

Chairperson : Dr. V. N. Attri
